Works with: VX260, VX231, VX300 Series, VX400
Series eVerge- eVX531, eVX534, eVX539

Perfect for multi shift users who are constantly plugging and unplugging earpieces, causing accessory port issues. This solution is reverse wired so the earpieces are plugged into the adaptor instead of directly into the radio, eliminating unwanted service problems for the dealer.

- Adaptor stays connected to the radio and accessories are connected and disconnected to the adaptor.
- Avoid costly repairs and radio down time associated with accessory port issues.

Our Hirose™ quick disconnect adaptors allow users to quickly attach and detach accessories without having to use the connection to the radio.

A great option for users who want to disconnect the radio without removing their accessory, disconnect quickly for charging the radio or quickly change between radios.

Adaptor Options

AD-K1-Hirose - works with Kenwood radios

AD-M12-Hirose - works with Motorola MOTOTRBO radios

AD-M3-Hirose includes PTT and 3.5mm accessory port

[See on Adaptor Page](#)

- Allows accessory to stay on person while changing or charging radios.
- Adaptor stays connected to the radio and accessories are quickly connected and disconnected to and from the adaptor
- Engineered and designed to ensure quality control

10. National2Way audio accessory products are designed to produce a specific audio output level at maximum rated power. Modifying these devices in any way, including or removing components and accessories may change audio output of the device and result in PERMANENT HEARING DAMAGE.

Many countries have regulations defining the amount of noise that an individual can be subjected to during a normal workday. The duration of exposure, the level of audio output and the level of ambient noise will affect compliance to these regulations. Compliance is application dependent and standards vary. It is the **SOLE RESPONSIBILITY** of the end-user to determine applicability of, and compliance to, local hearing protection guidelines.

In addition, if purchasing any N2W accessory which use earphones kits, it is the **SOLE RESPONSIBILITY** of the user to determine proper fit. Always use caution when inserting any of the products into the ear.

National2Way warrants all products against defects in materials or workmanship for 36 months from the date of purchase with the exception of wireless products, batteries, and battery powered products which are warranted for 12 months from the date of purchase. National2Way will repair or replace a defective unit, at our option, without charge for parts or labor. The limited warranty is extended only to the original purchaser and is valid only to consumers in the United States and Canada. It does not cover damage or failure caused by or attributable to Acts of God, abuse, misuse, improper or abnormal usage, faulty installation, improper maintenance, lightning or other incidences of excessive voltage, or any tampering or repairs other than N2W authorized repair facilities. It does not cover replacement of consumable products, transportation costs, or damage in transit. This warranty will become void if the serial number or model number identification has been wholly or partially removed or erased.

Repair or replacement under the terms of this warranty does not extend the terms of this warranty. The warranty can only be modified by an officer of National2Way, and then only in writing. Should this product prove to be defective in workmanship or materials, the consumer's sole remedies shall be repair or replacement as provided by the terms of this warranty. Under no circumstance shall N2W be liable for any loss or damage, direct consequential, or incidental, arising out of the use of or inability to use this product. Some states do not allow limitations on how long an implied warranty lasts or the exclusions or limitations of incidental or consequential damages, so the above limitations or exclusions may not apply to you. This warranty gives you specific rights. You may also have rights, which vary from state to state.

National2Way is committed to our dealers/customers. We are recognized worldwide for innovative, durable products with superior performance. All products are vigorously tested to exceed industry standards. We do recognize that we have a need to replace faulty equipment from time-to-time and we want this to be as painless as possible for you so you can take care of your customers.

We provide a three-year warranty on all of our speakers, headsets and speaker microphones, and a one year warranty on all of our wireless products. Please visit <http://national2way.com/rapidwarranty> and follow the steps to submit a request a Rapid Warranty or email rapidresponse@national2way.com. All replacement products will ship next business day via FedEx.

Dealer pre-Testing of Equipment – please take the time to Dealer test all products before returning them to N2W. If N2W service technicians are unable to duplicate or determine the stated failure mode, the product will be returned.

Warranty vs Non-warranty – If the failure mode is determined to be a warranty issued, the product will be repaired or replaced at no charge. If the failure mode is determined to be non-warranty issues, the parts will be returned to the customer/dealer, along with a Failure Analysis Report. At N2W's discretion, minor rework may be performed after contact is made with the customer/dealer to ensure an understanding of how the failure occurred.

Repair Service – National2Way provides repair service for selected products. Contact customer service for further information. Several replacement part options are available which will allow your technician to repair your unit, thereby avoiding the purchase of a new unit.
